Schools are responsible for checking passports (6 months validity) and necessary visa applications. Should schools require letters to support visa applications, please contact the tournament director for support.

A copy of each member of the group's passport should be sent to the Tournament Director before arrival to aid in a smoother check-in process on arrival and so they always keep their passports in their possession.

(the bus ride should take 75min).

All buses will have access to seatbelts.

Luggage will travel in a separate truck for small vans and in the stowage compartment on a 30-40 seater bus.

The lead teacher will need to complete registration documents and your keys will be ready.

One key card will be allocated for each room and the lead teacher will receive a key card for all the school's assigned rooms. Please note schools will be charged by the hotel for the loss of key cards.

Security & Safety

The hotel is a gated complex with 24-hour security personnel at each gate entrance.

During the games, additional security is placed at the accommodation from 7.00 pm to 7.00 am.

The external windows and doors of the hotel rooms are locked to ensure the safety and security of the students.

In order to identify authorized coaching staff on-site, accompanying staff are requested to wear FOBISIA lanyards at all times.

In the event of a fire or evacuation in the main building, all guests must assemble at the main lobby entrance, wing-A entrance and wing-B entrance.

If an evacuation is required from the hotel accommodation, the assembly point is at the hotel carpark. Assembly points are signposted and will be shown to staff during facilities orientation.

Lightning policy

Pattana Sports Resort's lightning system is based at the pool. If triggered, lifeguards will alert all those on site to clear the pool or field and seek refuge away from open areas and go inside. A period of (30) thirty minutes must elapse (thirty-minute rule) before resuming activities. If there is any subsequent lightning or thunder after the beginning of the 30-minute count time then another count will begin.

Student Accommodation

Pattana hosts two accommodation wings that schools will be accommodated in:

Mansion has 70 rooms, which offer views of the surrounding gardens.

Main Hote has 170 rooms with views over the golf course and resort swimming pool.

Note: Our priority is the well-being and safety of visiting schools. As such, parent supporters should stay in alternative accommodation in order to allow staff to monitor their own teams satisfactorily and not put a strain on hotel resources.

Accommodation is based upon triple share. Schools are required to complete the rooming list form prior to arrival.

Boys and girls will be roomed separately and schools are provided with rooms, which enable staff to maintain close supervision of their party as far as possible.

Rooms are safe, i.e. windows are locked, no access to balconies etc. Mini-bars are emptied and International Direct Dialling services are disconnected.

During out-of-hours, on-site medical assistance is available. Contact hotel reception or dial 0 for the operator who will call medical staff/ambulance in case of emergency.

Should you need anything during your stay please contact the hotel reception and the staff will be happy to assist you.

For other issues, you should contact the Tournament Director.
